

Let's Make it 4 Usando diferentes blocks para hacer objetos

Helicóptero Apache

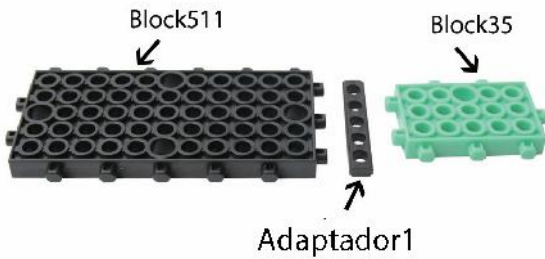

El Helicóptero Apache es parte de la armada de EEUU . Es letal contra tanques y otros blancos enemigos. Tambien tiene suficiente poder de fuego apra eliminar helicópteros enemigos y es muy eficaz en la noche.

Prepara las partes

Block15	×8	Gear(L)	×2
Block111	×6	Gear(M)	×2
Block35	×4	Gear(S)	×2
Block511	×4	Shaft(L)	×4
Block90	×3	Shaft(M)	×3
Block135	×4	Shaft(S)	×1
Mountura de M.	×3	Cojinete	×5
Marco5	×2	Medio Cojinete	×2
Marco11	×6	Cojinete Rojo	×10
Marco21	×3	Adaptador1	×1
Rueda(P)	×2	Adaptador2	×2

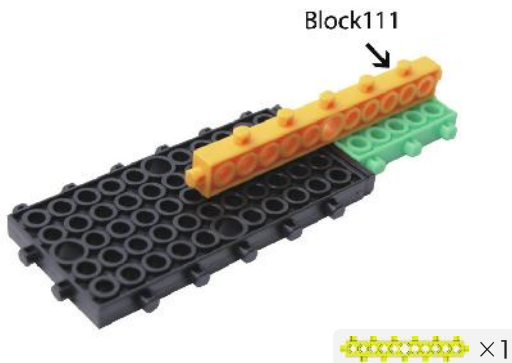

1

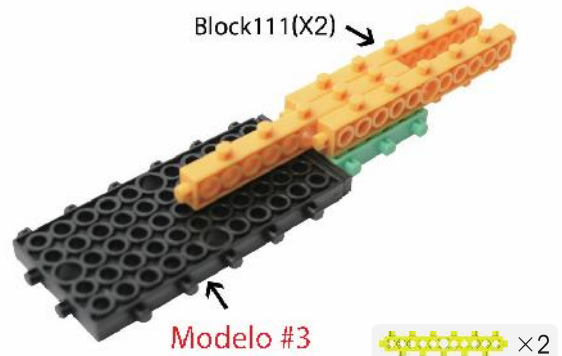

2

3

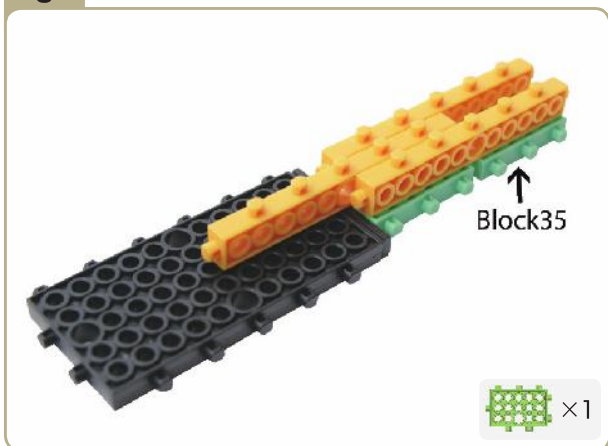

4

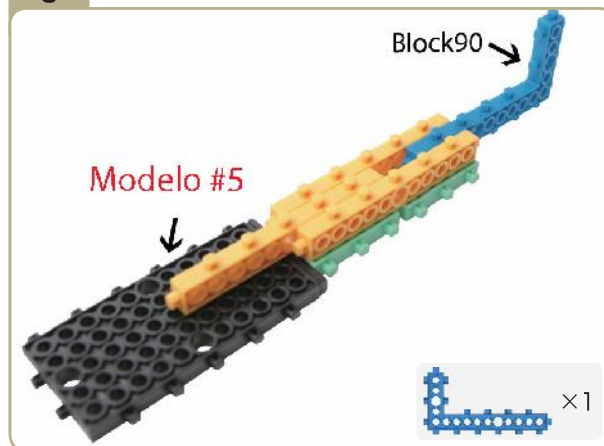

Connect two «block111»s to model(pic)# 3.

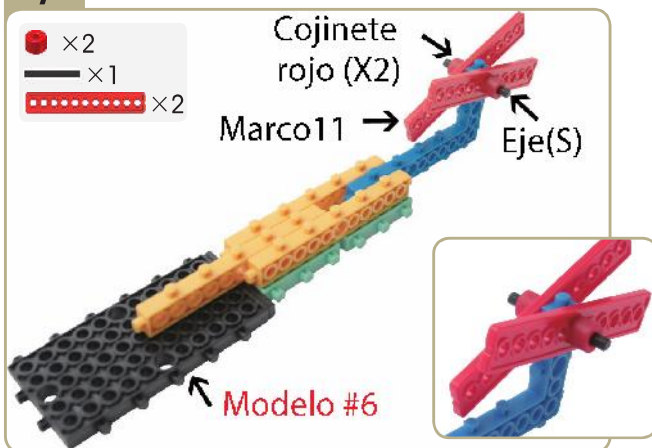

5

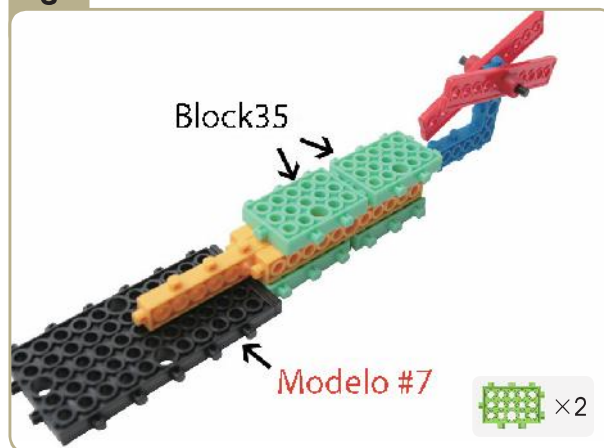

6

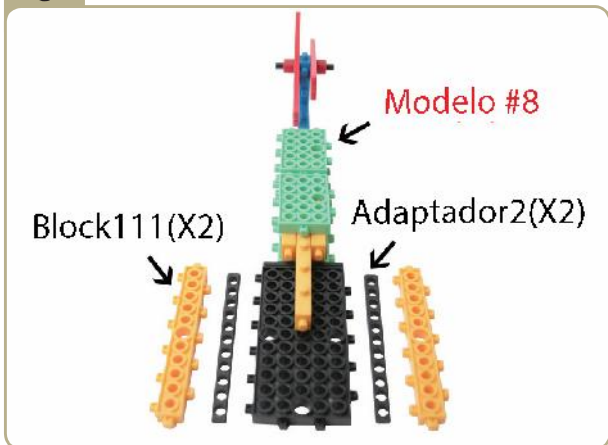

7

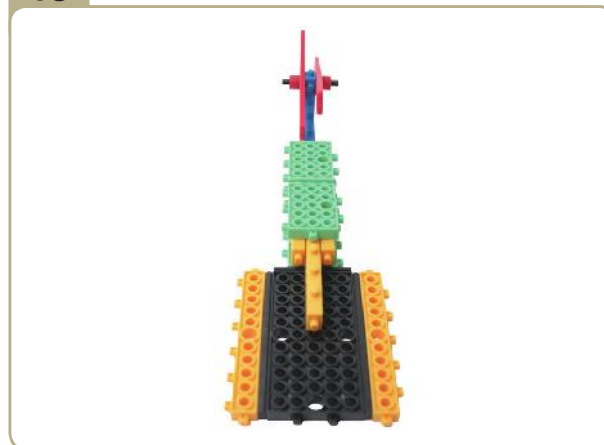

8

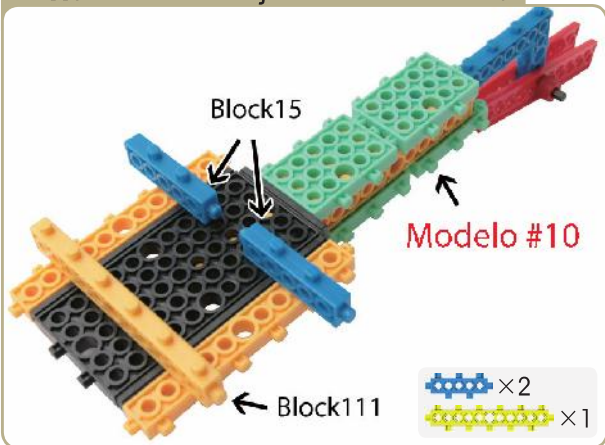

9

10

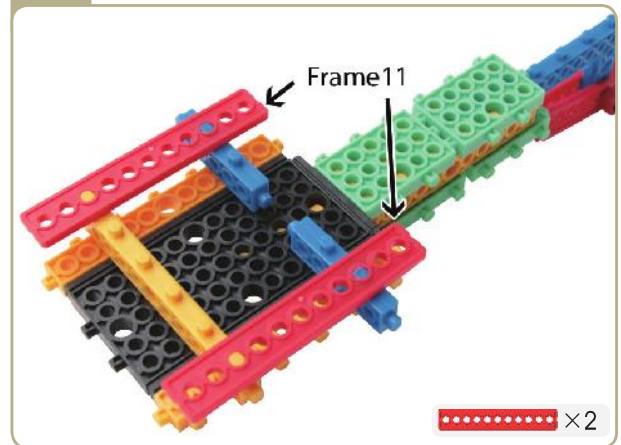

11 (Parte de abajo del modelo #10)

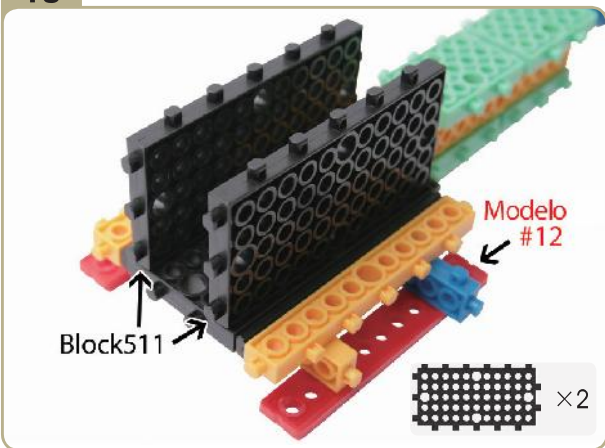

Voltea el modelo #10 y conéctale dos «block15» y un «block111».

12

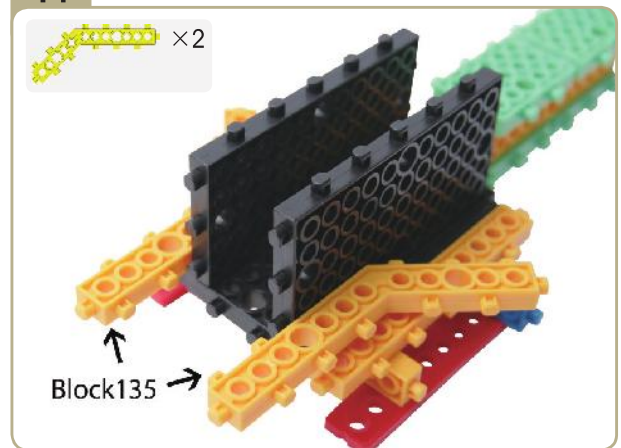

13

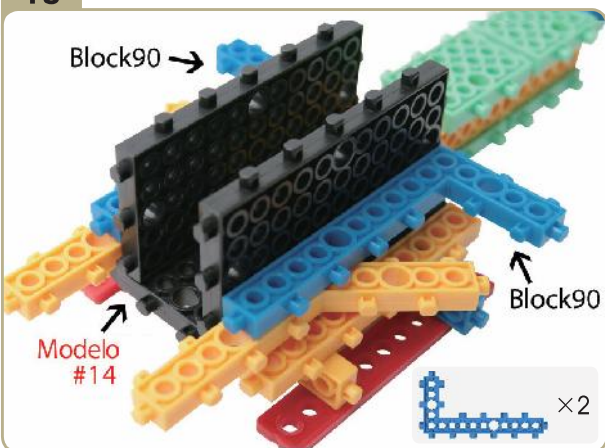

Voltea el modelo #12 y conéctale dos «block511».

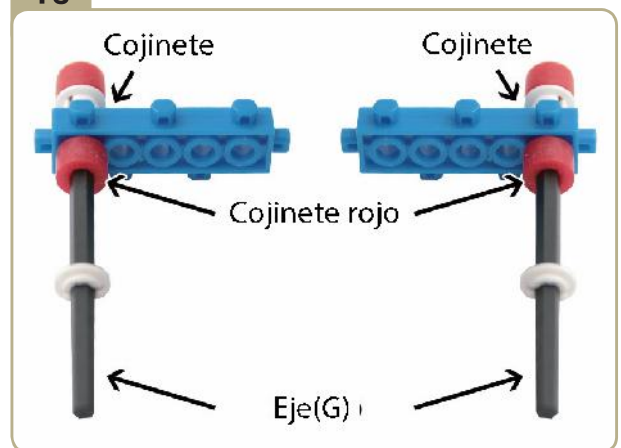

14

15

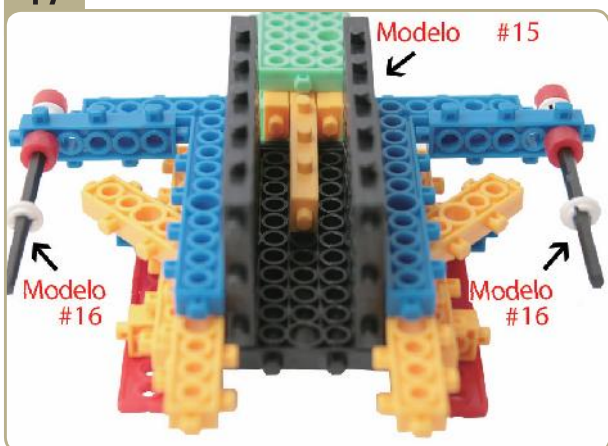

16

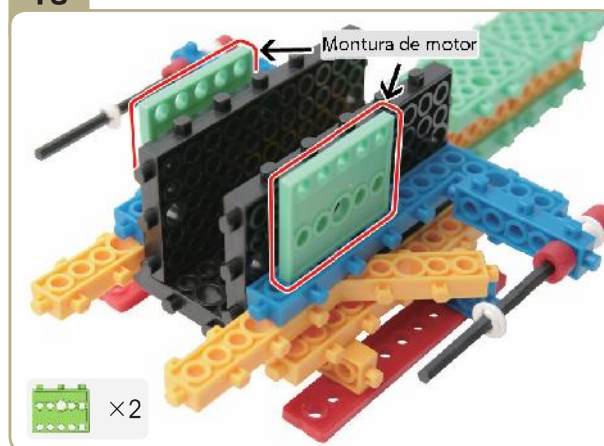

Pon atención en la dirección de los «block15» (Ensambla dos modelos iguales.)

17

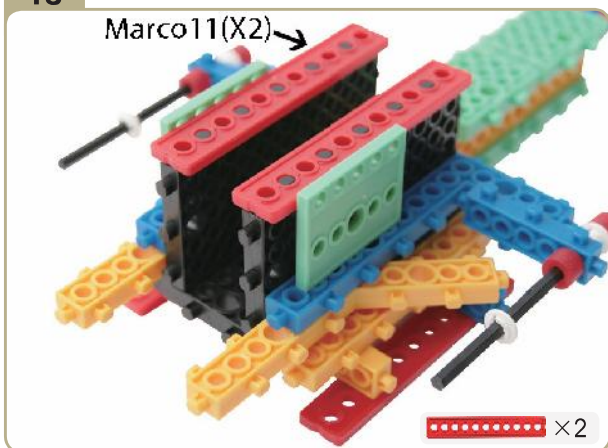

Combina el modelo #15 con los modelos #16.

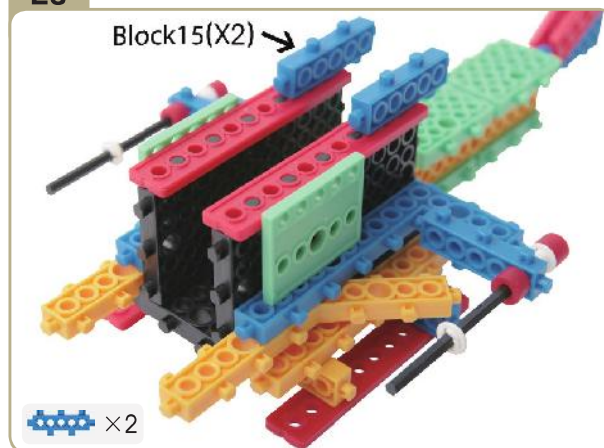

18

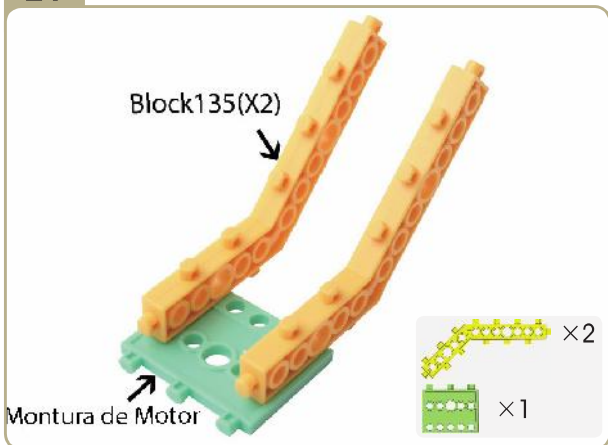

19

20

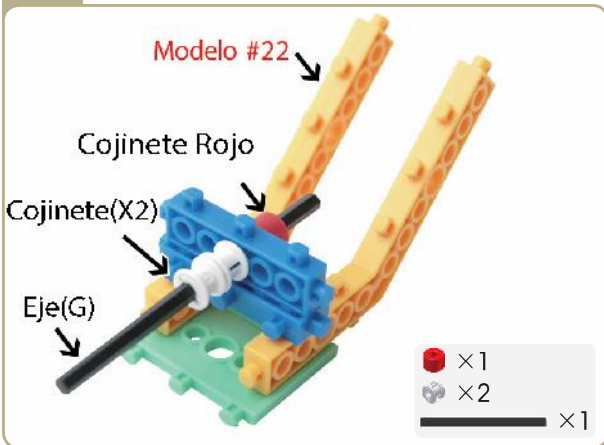

21

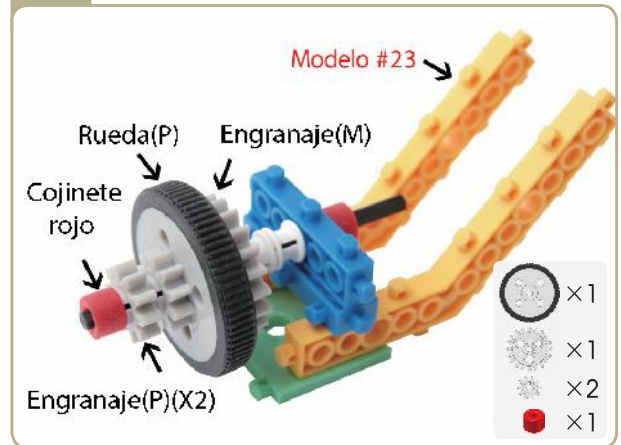

22

23

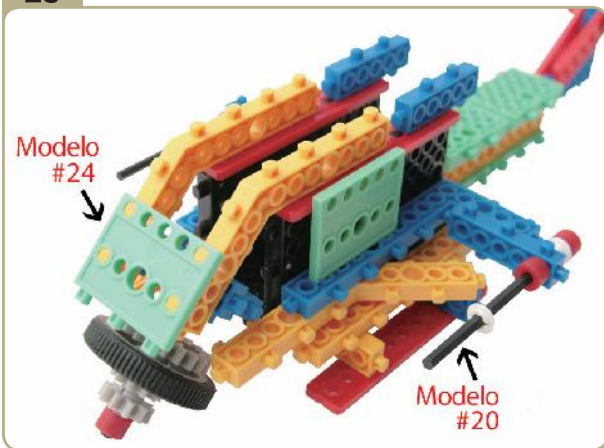

24

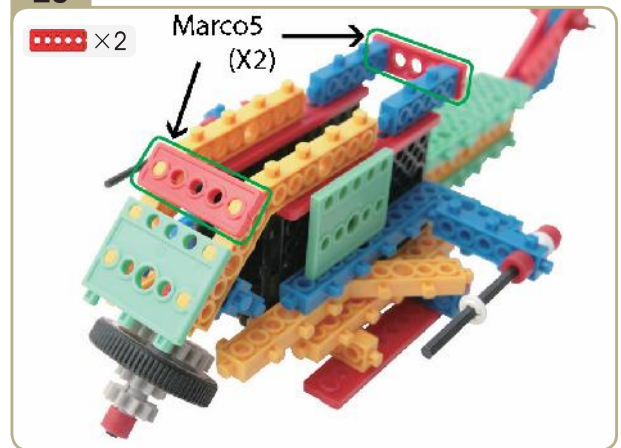

Conecta las partes en este orden; Engranaje mediano → Rueda (P) → Dos engranajes(P) → Un Cojinete Rojo.

25

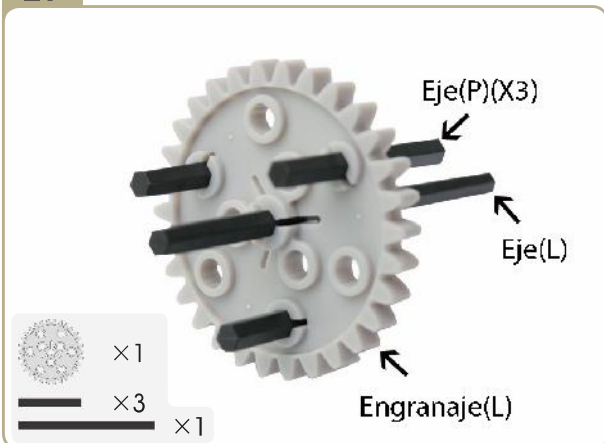

Voltea el modelo #24 y monta el modelo #20

26

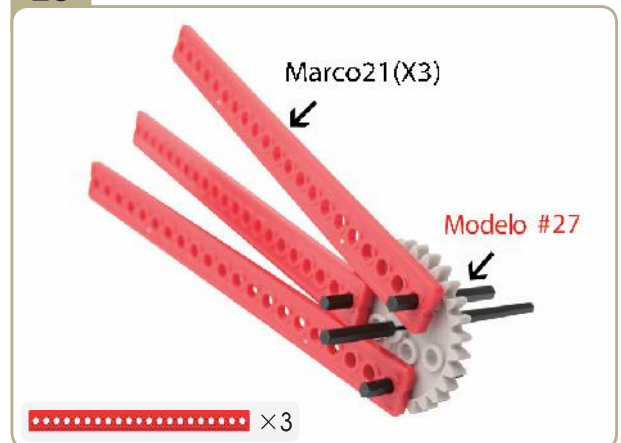

27

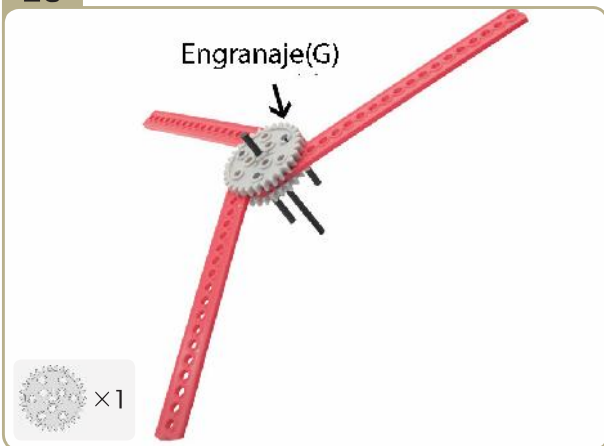

Conecta ejes grandes y pequeños al engranaje grande.

28

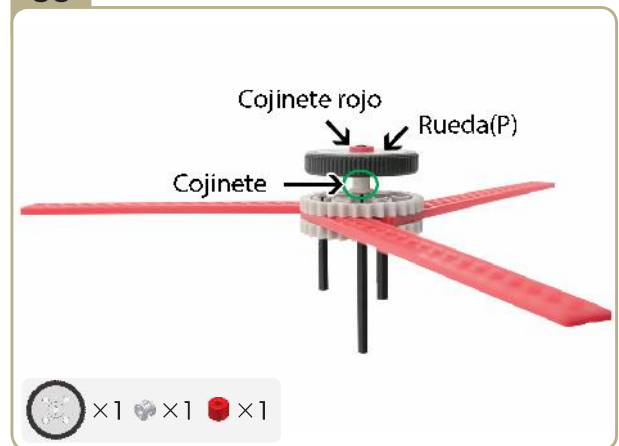

29

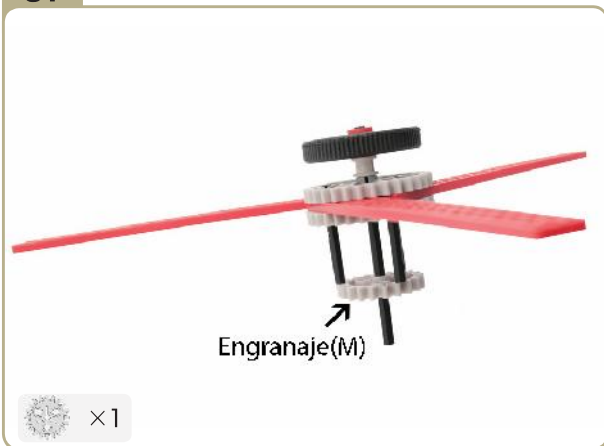

Pon un engranaje grande en el modelo #28

30

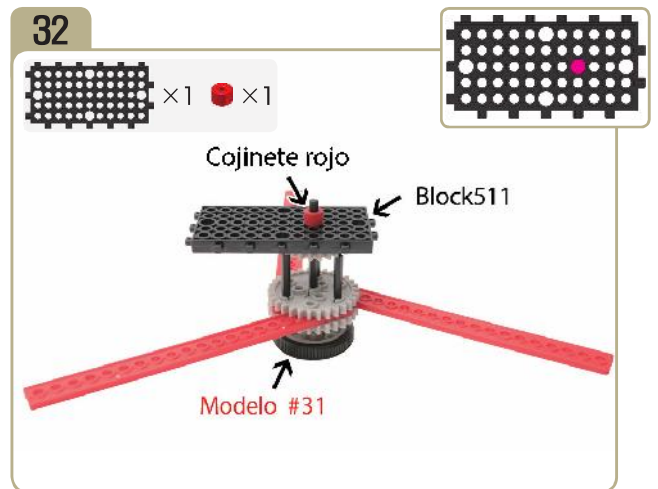

Conecta las partes en este orden;
Un cojinete → Rueda pequeña → Cojinete Rojo

31

32

Voltea el modelo #31 ,y coloca un «block511» y un cojinete rojo.

33

Combina el modelo #32 con el modelo #26.
